Creative Photo Printmaking Theresa Airey

Using an illustrated step-by-step approach, this manual explores both new and traditional non-digital printmaking techniques. Experienced photographer and teacher Theresa Airey taps into the increasing popularity of techniques that enable photographers to experiment with and personalize their images, in some cases without expensive darkroom equipment. She demonstrates working with infrared and Poloroid Time Zero films, solarization, selective bleaching and toning, handcolouring, and image and emulsion transfer, as well as alternatives for printing on artist papers, wood, and glass. To make the book easier to use, the flaps open flat on the worktable, freeing the reader's hands.
