Green Building and LEED Core Concepts Guide: Second Edition

U.S. Green Building Council

Green Building and LEED Core Concepts Guide: Second Edition U.S. Green Building Council

This guide presents green building concepts and strategies and introduces the ideas and practices that serve as the foundation for more detailed study of green building, particularly as it relates to the green building rating systems of the Leadership in Energy and Environmental Design (LEED) program and to individual market segments, such as homes, commercial new construction, and neighborhood developments.
