HARRY POTTER: Harry Potter BOOK AND FILM DIFFERENCES fully illustrated (harry potter, harry potter and the sorcerer's stone, harry potter, harry potter series) M.K. Douglas

If you are a true Harry Potter Fan, chances are that you have noticed that the film adaptation isn't quite the same as our beloved books...

Perhaps you are wondering where the Squibs are? Or why Harry's eyes are blue and not green "Just like his mother's"?

It can't be an easy task condensing 4,224 pages into 20 hours of screen time, and as with all award winning books with massive cult followings, there is bound to be some disappointed Harry Potter fans. With only a defined amount of available screen time, decisions have to be made as to what details will be included in the film adaptation and unfortunately this means that favorite Harry Potter scenes, characters and plot points vanish into thin air.

To make matters worse, sometimes scenes, characters and plot points not in the book, mysteriously make it on to the screen. No one can deny that the Harry Potter film adaptation is in fact incredible and as a whole has been relatively true to the book, but true fans will always know the difference and mourn what could have been.

This beautifully illustrated 74 page book takes you on a visual journey and discussion of the major differences between the Harry Potter books and the film adaptation.

Enjoy the ride...
