Tiger shifter Isis Martin isn't thrilled about being dragged out to a cemetery in the middle of the night, conveniently forgetting that she volunteered for it. But her annoyance at running around a creepy cemetery in the wet and the dark, even her fury at being pushed into an open grave disappears when she's pulled from her early grave by the velvety voiced human Detective Rafael Silva.

While Isis and Raf try to figure who, or what, has been relieving graves of their corpses, Isis tries to come to terms with her inner tiger who is determined to make the human her mate, her oncoming heat and the ghost of her mom who just won't stop haunting her!

Shifters' corpses are being stolen, but can Isis keep her paws off her human detective long enough to solve the case?

Caution! This does contain swearing (there's a lot of use of the f word!), as well as scenes of a sexual nature with m/f interaction intended for mature readers.
