## The Manhattan Projects Volume 1 Jonathan Hickman

- What if the research and development department created to produce the first atomic bomb was a front for a series of other, more *unusual*, programs? What if the union of a generation's brightest minds was not a signal for optimism, but foreboding? What if everything... went wrong? Welcome to *The Manhattan Projects*! Brought to you by award-winning writer Jonathan Hickman and possibly the best new talent in the industry, Nick Pitarra, *The Manhattan Projects* is a look at history through a darker, much stranger, lens.
- Collects *The Manhattan Projects* #1-10.
