Build your career by design not by accident

Your technical skills may get you the job, but your interpersonal skills and emotional intelligence will get you the promotion. In *Enhancing Your Executive Edge*, Kim Zoller and Kerry Preston provide the specific tools you need to make the jump from middle or upper management to an executive-level position. It's not about being among the standouts in a company. It's about being the standout.

- Self-Management and Social Awareness
- Personal Branding
- Communication and Presence
- Business Protocol

Competence, passion, and hard work open doors. But when you're going for the very top spot, the competition increases exponentially so you need to differentiate yourself. This book is designed to help you develop that special quality few people possess.
