Improving Education in Mexico: A State-level Perspective from Puebla Oecd Organisation For Economic Co-Operation And Development

How can the state of Puebla improve its education system? Within an international perspective, this report analyses the major challenges facing the state's education system, current policy initiatives, and innovative practices. It highlights that a long-term strategy, a stronger capacity to lead improvements and reforms in four main policy areas are keystones for educational improvement. With insights from top performing systems and those with a similar reform trajectory, it sets out strategies for action to make change happen.
