The Architect's Guide to Design-Build Services The American Institute of Architects
The definitive resource for designer-led projects

"The Architect's Guide to Design-Build Services" offers authoritative knowledge and industry insight to architects considering entry into the burgeoning practice of design-build project delivery. Written by architects and other professionals with expertise in risk management, law, ethics, finance, and contracts, this instructive guide addresses the roles architects can assume during a design-build project, including leading the project, acting as subcontractor, and forming a joint venture with a contractor.

Developed by the AIA Design-Build Professional Interest Area, this book offers the real-world expertise of thirty industry leaders from the United States, Canada, and Mexico, who share their experience and know-how on such topics as: Starting out in design-build Risks and rewards of design-build delivery Succeeding in a design-build practice Design-build education Essential practice information Ethics and licensing laws

State laws regulating both architects and contractors are summarized to help busy firms bring design-build projects through to successful completion in a variety of jurisdictions.

"The Architect's Guide to Design-Build Services" is the most complete, definitive resource for architects, contractors, and attorneys involved in designer-led projects.

From reader reviews:

Alejandra Dunlap:

As people who live in the particular modest era should be update about what going on or information even knowledge to make them keep up with the era which can be always change and move forward. Some of you maybe may update themselves by examining books. It is a good choice for yourself but the problems coming to you actually is you don't know what kind you should start with. This The Architect's Guide to Design-Build Services is our recommendation to make you keep up with the world. Why, because this book serves what you want and wish in this era.

Brooke Jenkins:

Reading a publication can be one of a lot of exercise that everyone in the world loves. Do you like reading book therefore. There are a lot of reasons why people like it. First reading a reserve will give you a lot of new info. When you read a e-book you will get new information simply because book is one of numerous ways to share the information as well as their idea. Second, examining a book will make an individual more imaginative. When you examining a book especially fictional works book the author will bring you to definitely imagine the story how the character types do it anything. Third, it is possible to share your knowledge to other individuals. When you read this The Architect's Guide to Design-Build Services, it is possible to tells your family, friends in addition to soon about yours guide. Your knowledge can inspire the others, make them reading a reserve.

Owen Neri:

Playing with family in the park, coming to see the water world or hanging out with pals is thing that usually you may have done when you have spare time, after that why you don't try factor that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition associated with. Even you love The Architect's Guide to Design-Build Services, you could enjoy both. It is great combination right, you still desire to miss it? What kind of hangout type is it? Oh can happen its mind hangout folks. What? Still don't buy it, oh come on its named reading friends.

Mamie Contreras:

As a university student exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just little students that has reading's spirit or real their pastime. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this The Architect's Guide to Design-Build Services can make you truly feel more

interested to read.
