Learn how light can breathe new life into your photos

Do you take too many snapshots and not enough “wow” shots? If so, you may be spending more time thinking about your subjects than thinking about the light. In *The BetterPhoto Guide to Light*, veteran photography instructors Jim Miotke and Kerry Drager help amateur shooters of all levels master this basic ingredient of compelling photography. You’ll learn how to identify the best light, fix common lighting problems, and, most important, take stunning photos with whatever light you have. Full of image examples, hands-on assignments, and proven techniques, this book will show you how to expand your vision and take your photography to the next level.
