Kristin Lavransdatter: (Penguin Classics Deluxe Edition) Sigrid Undset

"The finest historical novel our 20th century has yet produced; indeed it dwarfs most of the fiction of any kind that Europe has produced in the last twenty years."

-- Contemporary Movements in European Literature, edited by William Rose and J. Isaacs

"As a novel it must be ranked with the greatest the world knows today." -- Montreal Star

"Sigrid Undset's trilogy embodies more of life, seen understandingly and seriously... than any novel since Dostoevsky's Brothers Karamazov. It is also very probably the noblest work of fiction ever to have been inspired by the Catholic art of life." -- Commonweal

"No other novelist, past or present, has bodied forth the medieval world with such richness and fullness of indisputable genius.... One of the finest minds in European literature."

-- New York Herald Tribune

"This trilogy is the first great story founded upon the normal events of a normal woman's existence. It is as great and as rich, as simple and as profound, as such a story should be."

-- Ruth Suckow in the Des Moines Register
