Are you having the time of your life or are you feeling powerless and constantly struggling to make ends meet? Do you feel safe and supported by universal forces or are you convinced that the odds are against you and you must go it alone. Most people are approaching life from the mistaken idea that if they work hard and struggle and pay a big enough price, they will be rewarded with financial wellbeing. And they do not realize that in their struggle they are keeping themselves from the abundance they seek. Other people's success? They must be lucky or favored in some way. But there is no luck. There is no favoritism. God doesn't love some of us more than others. In truth, we make our own realities, we create our own fortune. Even now we are creating, but it is hit and miss. We haven't been taught how to intentionally create the life we want. This book was written by a professional woman whose roots of poverty and lack kept her powerless and struggling most of her life. Her determination to find a way out resulted in a life of prosperity she couldn't even imagine. Berry explains how you create lack and poverty, then, more importantly, how to identify and get rid of the obstacles which keep you from cooperating with God (Source or Universe) and creating money. Once your path is clear, you'll find yourself drawn into circumstances and synchronicities that fill your life with true wealth – with ease!
