New Traditional Japanese Design (Japanese Edition)

BNN, Inc.

New Traditional Japanese Design (Japanese Edition) BNN, Inc.

Much Japanese design today still looks back to favorite traditional themes, aesthetics and subject matter. This book collects the best contemporary examples; sweet but not stereotypically cute, they prove that even in pastels and bright colors Japanese design today remains appealing and elegant. Their colorful and graphic qualities are, rather, like a 21st century update of classic Japanese woodcuts and calligraphy. Categorized into 4 sections graphics, packaging, goods, and logos this is an indispensable style guide for designers and creatives across disciplines. The abstracted shapes on the book's distinctive cover mimic one of the book's strongest projects, a folded paper invitation from the Tokyo Copywriters Club 2013 that evokes the form of a snow-capped Mount Fuji. Viva Japan!
