Three lives. Three broken hearts...

Piper loved her mummy. So when she loses her, her world is confused and sad. But she has Rachel now. She won't leave her as well, will she?

Rachel finds out she has a 5-year-old sister on the same day that she is told her mother has died. Having been in foster care for years, she never really knew her mum, but she knows for sure she doesn't want the same thing for Piper. She knows she has to take care of her – but how?

Mary never even got to see her baby. They took it away as soon as she gave birth. And the hole in her heart has never healed. So when she meets Rachel and Piper, two lost girls looking for a family, her broken heart skips a beat...
