This new practice-oriented workbook includes experiential learning exercises explicitly aligned to the practice behaviors recommended in the Council on Social Work Education's (CSWE) Educational Policy and Accreditation Standards (EPAS). The workbook encourages students to begin developing their skills with social work practice behaviors through Case-Based Exercises, Short Answer ethical questions, critical-thinking questions, and role-play exercises in class or as activity assignments to be done outside of class. Each exercise is linked to specific practice behaviors, and each chapter is followed by an assessment rubric to be completed by the student, a peer evaluator, or the instructor to foster accountability.
