Home Work: Handbuilt Shelter

Lloyd Kahn

Home Work: Handbuilt Shelter Lloyd Kahn

Home Work is our sequel to *Shelter* and illustrates new and even more imaginative ways to put a roof over your head, some of which were inspired by *Shelter* itself. What *Shelter* was to '60s counterculture, *Home Work* is to the "green building revolution," and more. From yurts to caves to tree houses to tents, thatched houses, glass houses, nomadic homes, and riverboats, each handbuilt dwelling finds itself at one with its environment, using natural materials.

Master builder Louie Frazier's Japanese-style pole house in Northern California, reachable on a 500-foot cable across a river / Ian MacLeod's handbuilt stone house in South Africa, where baboons jump on the roof at night / Ma Page's bottle house in the Nevada desert / Artist Michael Kahn's semi-subterranean sculptural village in Arizona / Bill and Athena Steen's strawbale houses / Ianto Evans' cob houses in Oregon / The Archlibre group of countercultural builders in the French Pyrenees / Bill Coperthwaite's spectacular 3-story yurt in the Maine woods / Bill Castle's finely-crafted log home and sauna in the NY Appalachians / a commune in the Tennessee mountains / The "Flying Concrete" brothers in Mexico and their far-out sculptural structures / Barns in California, Washington, and Connecticut / Photo-essays of Lloyd Kahn's trips to Nevada, the Mississippi Delta, Costa Rica, Nova Scotia, and Baja California / Photos of buildings all over the world by photographers Yoshio Komatsu and Kevin Kelly / and much more
