God Reconsidered: Searching for Truth in the Battle Between Atheism and Religion takes a provocative look at the greatest mysteries of life: Why are we here on earth? Why is there so much seemingly meaningless suffering? Why do religions disagree so much if God cares about us? Is there evidence for God? In a careful, balanced, and penetrating analysis of the competing philosophies, Scott S. Smith, an internationally-known business writer, brings his investigative skills to the challenge of separating the truth from the misinformation. The conclusions, one reviewer said, are “absolutely shocking,” while another said these made the book “highly recommended.”
