Improving Rural Mobility: Options for Developing Motorized and Nonmotorized Transport in Rural Areas (World Bank Technical Papers) Paul Starkey, Simon Ellis, John Hine, Anna Ternell

Many inhabitants of rural areas in developing countries do not have adequate and affordable access to transport infrastructure services. Insufficient access to transport constrains economic and social development and contributes to poverty.

This book focuses on improving rural mobility by facilitating the provision of affordable means of transport and transport services. It concentrates on the many and varied types of transport that provide mobility such as bus service, freight trucks, bush taxis, transport animals, bicycles, and handcarts.
