Lifespan Development (7th Edition)

Denise Boyd, Helen Bee

Lifespan Development (7th Edition) Denise Boyd, Helen Bee
Provides the most Support for Student Learning and Success

Lifespan Development, 7/e by Denise G. Boyd and Helen L. Bee thoroughly and accessibly addresses the most critical concepts of development. Through their engaging writing style, the authors have made more abstract material about developmental theories approachable to students. Readers will appreciate both the applied nature of this title and the clarity of the authors' presentation of current research. Students will emerge from your course with a thorough understanding of developmental science and will be able to apply this understanding to their own lives.

MyPsychLab is an integral part of the Boyd/Bee program. Engaging activities and assessments provide a teaching and learning system that will help students master life span development. New features include the updated MyPsychLab Video Series for Lifespan Development, which contains a rich assortment of video clips including sketchnote-style tutorials as well as cross-cultural footage and segments featuring real students sharing their experiences. MyPsychLab also contains MyVirtualLife, an engaging variable-based simulation that allows students to experience lifespan development firsthand.

This title is available in a variety of formats - digital and print. Pearson offers its titles on the devices students love through Pearson's MyLab products, CourseSmart, Amazon, and more.
