The International Marine Log Book C. Nouse

If you've never experienced the tension of failed equipment aboard or had to explain to guests why there is no more fresh water or panicked when thick fog closed in just after you had forgotten to make note of the last two buoys, you probably don't need to keep a log. But for those more human, it's not a bad idea.

Developed and refined endlessly over three decades by longtime cruiser Dale Nouse, *The International Marine Log Book* is flexible enough to allow to record anything from bare piloting details to names and anecdotes that are valuable and/or enjoyable to recall. It will encourage good piloting, train you to be a careful observer of weather, stimulate you to run through a vital maintenance checklist, and serve as a compendium of interesting information about your boat.

The International Marine Log Book--complete, compact, and durable--will make all others obsolete. Here is a legal record of your boat's cruising history; vital navigational aid; concise and accurate weather-forecasting system; daily checklist of your boat's mechanical systems; permanent record of your boat's important data; journal of your happy times afloat.

Jack Johnson:

The particular book The International Marine Log Book has a lot of information on it. So when you read this book you can get a lot of profit. The book was published by the very famous author. Mcdougal makes some research prior to write this book. This specific book very easy to read you can obtain the point easily after reading this article book.

Ann Walsh:

Is it you who having spare time then spend it whole day by watching television programs or just laying on the bed? Do you need something new? This The International Marine Log Book can be the response, oh how comes? A book you know. You are consequently out of date, spending your spare time by reading in this new era is common not a nerd activity. So what these publications have than the others?

Ella Straw:

As a student exactly feel bored to reading. If their teacher expected them to go to the library or to make summary for some reserve, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that studying is not important, boring in addition to can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this The International Marine Log Book can make you feel more interested to read.
