### Strike Force Alpha Mack Maloney

From the best-selling author of the Wingman series comes the first book in an action-packed series featuring the Superhawks, an ultra-secret team of patriotic US military specialists who declare war against every terrorist connected to the attacks of 9/11.

Their mission was to kill bin Laden. They wound up saving the world. Assembled by mysterious superspy Bobby Murphy, trained by the best and ignoring the generals and the politicians, the Superhawks become America's ruthless answer to the post-9/11 reality. Hidden aboard the *Ocean Voyager*, a floating airbase disguised as a rusty containership, this ultra-elite unit of assault troops carries out brazen, daring raids all over the Persian Gulf as it seeks its number-one target: al-Qaeda's master mission planner. When chatter comes in about the next big thing, it's up to the Superhawks to strike out with all their fury to stop the deadliest terrorists in history from taking out the free world.
