Anthropology of Violence and Conflict (European Association of Social Anthropologists)

Anthropology of Violence and Conflict (European Association of Social Anthropologists)

Anthropology of Violence has only recently developed into a field of research in its own right and as such it is still fairly fragmented. *Anthropology of Violence and Conflict* seeks to redress this fragmentation and develop a method of cross-cultural analysis. The study of important conflicts, such as wars in Sarajevo, Albania and Sri Lanka as well as numerous less publicised conflicts, all aim to create a theory of violence as cross-culturally applicable as possible. Most importantly this volume uses the anthropology of violence as a tool to help in the possible prevention of violence and conflict in the world today.
