Having ones heart broken is an extremely painful experience and only those who have been there can understand this fully. While men will confess to have undergone heartbreak at some point in their lives, it is women who suffer the most, perhaps it's because when they love, they give their all. A woman who has been dumped for a younger and much beautiful woman will most likely than not suffer from feelings of self loath and hatred by believing that perhaps she was not good enough, slim enough or beautiful enough for her man.

IT'S ALWAYS DARKEST BEFORE DAWN is the story about Anita a young African woman who falls deeply in love with a foreigner. They overcome all odds, marry and settle down in her country. Life is bliss until she discovers her husband in bed with her only brother
