Living with Complexity (MIT Press)

Donald A. Norman

Living with Complexity (MIT Press) Donald A. Norman

If only today's technology were simpler! It's the universal lament, but it's wrong. In this provocative and informative book, Don Norman writes that the complexity of our technology must mirror the complexity and richness of our lives. It's not complexity that's the problem, it's bad design. Bad design complicates things unnecessarily and confuses us. Good design can tame complexity.

Norman gives us a crash course in the virtues of complexity. Designers have to produce things that tame complexity. But we too have to do our part: we have to take the time to learn the structure and practice the skills. This is how we mastered reading and writing, driving a car, and playing sports, and this is how we can master our complex tools.

Complexity is good. Simplicity is misleading. The good life is complex, rich, and rewarding -- but only if it is understandable, sensible, and meaningful.

From reader reviews:

Eugene Flowers:

As people who live in the particular modest era should be update about what going on or information even knowledge to make these keep up with the era that is certainly always change and advance. Some of you maybe will certainly update themselves by reading through books. It is a good choice for you personally but the problems coming to you is you don't know what type you should start with. This Living with Complexity (MIT Press) is our recommendation to help you keep up with the world. Why, since this book serves what you want and want in this era.

Stacy Perry:

Nowadays reading books become more and more than want or need but also become a life style. This reading behavior give you lot of advantages. Advantages you got of course the knowledge your information inside the book in which improve your knowledge and information. The knowledge you get based on what kind of publication you read, if you want drive more knowledge just go with knowledge books but if you want sense happy read one together with theme for entertaining including comic or novel. Typically the Living with Complexity (MIT Press) is kind of e-book which is giving the reader erratic experience.

Vincent Mireles:

The reason why? Because this Living with Complexity (MIT Press) is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will shock you with the secret it inside. Reading this book close to it was fantastic author who all write the book in such remarkable way makes the content on the inside easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book include such as help improving your proficiency and your critical thinking approach. So , still want to hold off having that book? If I had been you I will go to the guide store hurriedly.

Kenneth Copeland:

Reserve is one of source of information. We can add our knowledge from it. Not only for students but also native or citizen have to have book to know the revise information of year for you to year. As we know those books have many advantages. Beside many of us add our knowledge, can bring us to around the world. By book Living with Complexity (MIT Press) we can take more advantage. Don't one to be creative people? To become creative person must like to read a book. Just choose the best book that acceptable with your aim. Don't be doubt to change your life at this book Living with Complexity (MIT Press). You can more appealing than now.
