Loving Lucy (My First Lesbian Sex Experience): An Explicit Erotica Story Nycole Folk

I'd been friends with Lucy for so long, and when we kissed one day things got out of hand right away. Maybe it's wrong to suggest things got out of hand, though, because the experience was just incredible and like nothing I had ever experienced before. It was my first lesbian experience, and it was even better because it was Lucy's too.

Warning: This ebook contains very explicit descriptions of sexual activity and includes first lesbian sex and more. Only mature adults who won't find that offensive should read this story.

Here is a preview:

She was beautiful, that was for sure. Her hair was light brown and very soft, and she had the type of eyes that looked like vividly colorful marbles. I couldn't believe the intensity of the feelings that were running through me. I combed my hands through her hair and brushed my fingers over the curve of her shoulders, and it was at that point that I couldn't hold back anymore. My fingers hooked into the thin fabric straps that held up her camisole, and I just tugged them sideways. Suddenly, her breasts were free and exposed.

If it was going farther than she had intended or was comfortable with, she didn't let on. She did nothing or said nothing to stop me or deter me from continuing. Instead, as my hands traveled downward and I began caressing her breasts gently, her hands lifted and began to wander as well. I felt such an incredible thrill run through me at her touch. I couldn't believe I was doing this. I couldn't believe how wonderful it seemed. Visions of all of the times we'd spent together in high school and visions of our years together in our college dorms flooded through my mind so fast that I almost couldn't separate them. I began kissing her even more passionately, and then I felt her reach down and seize the hem of my shirt. She lifted it up and stripped it completely off of me. I was disappointed to a degree because it meant that the kiss was broken off, but then she leaned down again. As her mouth found my nipples and encircled one of them, I moaned crazily. She suckled on the thin, sensitive skin for a moment, and then she pulled back and looked at me. "I've never done this before," she admitted, looking a little sheepish.

"Me either," I reassured her.

She bit her lip nervously, and then she said, "I'm glad. I'm glad my first time is with you, and I'm glad your first time is with me." I smiled back at her in response, and then she kissed me again.
