*Once upon a Time, in a Kingdom that was just a little twisted (oh yeah, and kinda far away), Fairy Godmothers Rule! Elf Kings drool, and a Knight was having a bad time with a Dragon.*

*Too bad he didn't realize the Dragon would be the least strange part of his day...*

Fairy GodMOTHER. As in female - it's right there in the name. With those divine dimples, killer blue eyes, and hard muscled body, no one's going to be mistaking Tiernan for a female anytime soon, but due to a wish gone wrong, Tiernan is now the only Fairy Godfather in existence. Strangely, most Fairy Godmothers don't have a problem with this change in the status quo... all except the one Fairy Godmother who he'd go and win a kingdom for.

Reina has never been like the others. Organized, efficient, logical - and liking the status quo, thank you very much. After all, the FGs do not need a stubborn, infuriating, feckless male messing up tradition, and she wants him gone...like yesterday. Circumstances arise that just might let her get her wish, but in a way even she never wished for.

Tiernan's employment status is called into question and he is given the task of getting a woman named Cinderella a Happily Ever After or lose his position as a Fairy Godfather. So Cinderella will get to the ball and get her Prince if he has to dress her down to her shoes himself. Reina will be there to supervise, but if Tiernan does his job right, Cinderella won't be the only one getting a Happily Ever After.
