Psychoanalytic Perspectives on the Rorschach

Paul M. Lerner

Psychoanalytic Perspectives on the Rorschach Paul M. Lerner

Few books illuminate a domain of clinical inquiry as superbly as *Psychoanalytic Perspectives on the Rorschach*. Paul Lerner has written a comprehensive text that offers a richly detailed, multidimensional vision of the Rorschach as the ideal medium for operationalizing, testing, and in some instances transforming contemporary clinical theory.

For psychoanalytic therapists, the book provides a fascinating overview of how the coevolution of psychoanalytic theory and Rorschach technique has created new possibilities for conceptual integration. Lerner explores recent advances in our ability to operationalize such clinical concepts as splitting, dissociation, and false-self organization. He then reviews how these advances have been applied to research into psychic organization across different diagnostic categories, including anorexia and bulimia, aggressive and psychopathic personality, and schizotypal disorders. Finally, Lerner shows how the resulting data offer a unique vantage point from which to clarify such critical topics as developmental object relations and the structure of primitive experience.

Rorschach scholars will appreciate Lerner's informed discussions of theorists as diverse as Rapaport and Schachtel, Exner and Mayman, Schafer and Leichtman. Rorschach students, for their part, will find the book an unusually lucid introduction to test administration, scoring, interpretation, and report writing. Even here, however, Lerner's breadth and originality are apparent, for his exposition of these testing fundamentals incorporates fresh discussions of the nature of the Rorschach test, the impact of the patient-examiner relationship, and the value of the test in treatment planning. Timely, definitive, and uniquely integrative, *Psychoanalytic Perspectives on the Rorschach* will be valued by students, clinicians, and researchers well into the next century.

It should be here for a person. So, don't miss the idea! Just read this e-book sort for your better life and also knowledge.

Mary Moore:

As a scholar, exactly feel bored to be able to read. If their teacher requested them to go to the library or to make a summary for some guide, they are complained. Just small students that have reading's spirit or real their pastime. They just do what the teacher wants, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that examining is not important, boring in addition to can't see colorful images on there. Yeah, it is for being complicated. Book is very important to suit your needs. As

we know that on this period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Psychoanalytic Perspectives on the Rorschach can make you experience more interested to read.
