Samuel Beckett (Longman Critical Readers) Jennifer Birkett, Kate Ince

Bringing together seminal writings on Beckett from the 1950s and 1960s with critical readings from the 1980s and 1990s, this collection is inspired by a wide variety of literary-theoretical approaches and covers the whole range of Beckett's creative work. Following an up-to-date review and analysis of Beckett criticism, fifteen extracts of Beckett criticism are introduced and set in context by editors' headnotes. The book aims to make easily accessible to students and scholars stimulating and innovative writing on the work of Samuel Beckett, representing the wide range of new perspectives opened up by contemporary critical theory: philosophical, political and psychoanalytic criticism, feminist and gender studies, semiotics, and reception theory.
