Selected Intellectual Property and Unfair Competition 2014: Statutes, Regulations and Treaties (Selected Statutes) Roger Schechter

The 2014 edition of this one-volume compilation of intellectual property statutes, regulations and treaties for law students and practitioners includes all the primary materials required for both basic and advanced courses in patent, copyright, and trademark law. The revisions in this edition incorporate numerous recent amendments and additions to various patent and copyright regulations which were designed to conform administrative practice to the provisions of several recently adopted IP treaties. The new edition also eliminates various now-obsolete provisions of the patent statute which predate the America Invents Acts, and thus enhances the usability of the patent materials in the volume.
