## Hunted and anything but normal...even for a vampire.

Amelia Lamont's return to normal vampire life is threatened with a horrific vision, while new dynamics about her link to The Sight drive her to keep her growing and intrusive power a secret. And then there's Ty—her sexy werewolf boyfriend—but can he truly accept Amelia's connection and deepening bond with Kendrick?

Although she's escaped with her life for now, Amelia knows Caius is watching and waiting, preparing for the right moment to take back possession of his experiment—her. As she searches for the truth behind her creation, the fabric of the past is torn away, leaving her questioning whom she can truly trust...the deeper she digs, the darker her past becomes.

Amelia's outlawed romance with her race's mortal enemy will be put to the ultimate test when her increasingly debilitating dreams turn catastrophic. For in the end, the truth always finds a way to come out, and vampire law is as unforgiving as it is fatal.

*Will Amelia's forbidden love for Ty save them...or guarantee their death?*
