Jake Bishop Can Take a Punch, But Can He Take a Girl Like Luna?

Amazon Top 100 Book from USA TODAY Bestselling Author Sabrina Stark: For way too long, Jake Bishop has been Luna Moon's ultimate fantasy, a bad boy brawler with a wicked reputation. Lucky for Luna, she's finally wised up to the truth. Jake's too wild, too reckless, and too far out of her league – especially now that he's rich, famous, and too hot for any one girl to hold.

A digital celebrity and trouble-maker incarnate, Jake goes through girls the way some guys go through bottles of booze. Luna, a college grad whose fortunes are flaming out fast, has two jobs, one psychotic ex-boyfriend, and zero interest in repeating past mistakes. From now on, she's determined to play it safe. No more bad boys. No more drama. And no more crushing on the likes of Jake Bishop.

There's only one problem, Jake. One morning, he shows at Luna's place, uninvited, to turn her life upside down. But why? To help her? To hinder her? Or to settle a score long overdue? No matter the reason, Jake Bishop is in for a big surprise, because this brat from his past is all grown up – and capable of bringing the baddest of bad boys to his knees.

A full-length novel, this new adult best seller is the first in a completed alpha fighter new adult romance. It features mature content, sexual situations, and adult language. It's not advised for under-age readers. *Jake Me*, the exciting series conclusion is now available.

Author Interview

Q – Of all genres, why write new adult romance novels?

A – Because they're the most fun! They've got such a fascinating mix of characters, especially those thrilling alpha males – the real stars of these bad boy romance novels. You've got your mma alpha fighters, your billionaires, your boys next door, and sometimes, all of these combined. Take Lawton Rastor, the star of *Unbelonging* and *Rebelonging*, two best-selling wealthy romance novels. He's an alpha male billionaire bad boy and former mma fighter with abs to die for. And let's not forget his leading lady. Because who deserves a bad boy reformed? Why, our plucky heroine, of course.

The new adult romance genre is a giant candy-bowl of goodies. We can reach in and pull out whatever tasty treat we're craving, whether it's a digital stack of mma romance fighter kindle books, a billionaire bad boy romance, or an alpha male new adult fighter romance novel. To spice things up, I like to cross genre lines, making the series part mma romance, part romantic comedy, part coming of age, part romantic suspense and

so on.

Q – Your current new adult romance series features the Bishop brothers, alpha males who grew up tough. What's next on the horizon?

A – Happily, there are still some Bishop brothers we haven't met. This means there's more new adult books coming, with more bad boy mma fighters romance action, along with a few surprises.

Q – Some reviewers call your books laugh-out-loud funny. Are you sure these aren't romantic comedies?

A – Sometimes, it sure seems like it! Even with all the angst and drama, I like to include humorous elements, because I love a funny romance, especially funny new adult books. And hey, we all need a laugh once in a while.

Q – Why should readers check out your books?

A –Because who doesn't love an mma fighter romance series, where a hot alpha male falls hard for a girl like us? Each of these new adult books has been a best seller in varying ways – whether it's hitting the Amazon Top 100 in the Kindle Store to snagging a coveted spot on the USA Today Bestseller list – thanks to wonderful readers like you.
